Statement of Reasons

As part of the south-west Exeter developments a new road is to be constructed between Chudleigh Road and the A379, referred to as Chudleigh Road eastern spur. To facilitate this new road it is proposed to prohibit motor vehicles from using the existing Chudleigh Road junction with the A379, instead using the new eastern spur road. The existing heavy goods vehicles ban would relocate to the new junction. It is also proposed to amend the speed limit on Chudleigh Road to 30mph due to new street lighting in the area and to increase safety for drivers and pedestrians. No waiting at any time is proposed for the full length of the new spur road so that vehicle movements are not affected by parked cars.

Specifically, the restrictions are proposed to avoid danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, will facilitate the passage on the road of any class of traffic (including pedestrians) and will preserve or improve the amenities of the area through which the road runs.
