Statement of Reasons

The scheme aims to address longstanding parking issues in Combe Martin by improving waiting and parking restrictions within the area. It focuses on enhancing the current traffic order layout and introducing new restrictions where necessary, with the goal of improving parking infrastructure for both residents and visitors.

Specifically, the restrictions are proposed to avoid danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, will facilitate the passage on the road of any class of traffic (including pedestrians) and will preserve or improve the amenities of the area which the road runs through.
