Statement of Reasons

It is considered necessary to extend the 20mph zone out to accommodate the remaining residential dwellings along Staplake Lane improving road safety for all road users including equestrians, pedestrians and cyclists. In addition, the opportunity is being taken to review and consolidate the remaining speed limits along the A379 to make adjustments to update descriptions to ensure that measurements correspond with existing on street signage.

Specifically, the order if made will avoid danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising and preserving or improving the amenities of the area through which the road runs.
